MANAGEMENT DISCUSSION AND ANALYSIS REPORT

The Management Discussion and Analysis Report has to be read in conjunction with the Company's financial statements, covering overall performance and outlook of its activities which read as follows-

ECONOMY AND MARKETS

This has been one of the tensed years for Indian Markets, especially due to unpredicted outbreak of Covid 19 across the world-leading to well above 20 million confirmed infections worldwide, over 733,000 deaths, enormous human suffering and a full stop on virtually all commercial and economic activities. Several industries starting with travel, tourism and hospitality were immediately hit, with manufacturing and services following soon afterwards. Crude oil prices plummeted, and from January, 2020 panic sell-off resulted in wealth destruction in equity markets across advanced and emerging economies alike. In India, the government announced a nationwide lockdown from March 24, 2020 in an effort to contain the spread of the disease, which led to unprecedented economic shock. The lockdown has resulted in a liquidity crunch, followed by a labor shortage.

In response, Governments across the world have unleashed massive fiscal measures to protect economic activity and dramatically strengthen health services and testing. Central banks, too, have initiated multiple monetary and regulatory measures. The Government of India announced a slew of wide-ranging reforms across varied sectors amidst a comprehensive package aggregating Rs. 20 lakh crore — or approximately 10% of nominal GDP.

Before the COVID-19 pandemic and lockdown, both the RBI and the Central Statistics Office (CSO) of the Government of India had revised the GDP growth rate downwards. The RBI changed its full year GDP growth estimate from an initial 7.2% to 5% in December 2019, and ascribed the tapering of growth to a tight credit market impacting fresh investments, weak capital expenditure and a slowdown in manufacturing. In a similar vein, the second advance estimates of national income for FY2020 released by the CSO on 28 February 2020 was substantially lower: GDP growth for FY2020 was pegged at 5% — a decadal low — compared to 6.1% in the financial year 2018-19 (FY2019); and growth in gross value added was estimated at 4.9% in FY2020 versus 6% in FY2019.

On 29 May 2020, the CSO released its estimates of GDP and GVA growth for FY2020 and the fourth quarter of FY2020. In this exercise, it also substantially revised downward its earlier estimates for the first three quarters of FY2020.

GDP growth was 5.7% in January-March 2019; fell to 5.2% in April-June 2019; then yet again to 4.4% in July-September 2019; followed by 4.1% growth in October-December 2019 and 3.1% growth in January-March 2020. GDP growth for FY2020 was 4.2% — worst in the last 11 years.

The NBFC sector continued to grow its share in the financial services industry. Credit growth of scheduled commercial banks (SCBs) continued to moderate throughout FY2020. On 31 March 2019, growth in advances of SCBs was 13.2%. By 30 September 2019, this had reduced to 8.7% and on 27 March 2020, it was further down to 6.1%. SCBs also continued to face asset quality challenges in FY2020. Data published by the RBI in its Financial Stability Report dated 27 December 2019 show that NBFCs have outperformed SCBs on asset quality. To ease liquidity pressure on NBFCs, the RBI has taken multiple actions including a Targeted Long-Term Repo Operation (TLTRO) for the sector of Rs. 50,000 crore and a special financing window through SIDBI, NABARD and National Housing Bank (NHB) of another Rs. 50,000 crore to enable financing NBFCs. It remains to be seen whether the RBI will open a direct window to support the NBFC sector.

FINANCIAL PERFORMANCE-OVERVIEW

Sarvottam Finvest Limited ("The Company") is a registered Non-Banking Financial Company (NBFC). The performance of the Company is discussed in the Directors' Report. The Company is listed on Calcutta Stock Exchange Limited and BSE Ltd. The financial statements of the Company are prepared in compliance with applicable provision of the Companies Act, 2013 and Generally Accepted Accounting Principles in India (GAAP). The Company has earned income from trading of Securities, interest and dividend. The Company will extend the business further through identification of promising investment opportunities, through leveraging its resources. Company is also looking forward to expand its operations in the other fields permitted by the regulator, in conformity with its present status. The Company is engaged in the businesses permitted for Non-Banking Financial Company and offered a wide range of fund based financial services to its customers. Nearly 100 percent of the operating profits were contributed by core businesses viz., lending, trading in securities and investments.

CAPABILITIES AND STRATEGY

Non-Banking Finance Companies (NBFCs) have become an integral part of the Country's financial system. NBFCs have emerged as lenders to both Corporates and Non-Corporates. Few NBFCs have upheld their position in this market. However, intense competition, dynamic environment, compliance framework and stricter regulations are forcing companies to change its framework. The Company is helping enterprises to rationalize and making business operationally efficient and remain cost competitive in market. The Company is in process of creating a separate niche in Covid times.

The Company's strategy for long term profitable growth is based on continuous scaling and updated to its core businesses, while investing in new customers, services, markets and industries. The Company's strategy of strengthening the current business and investing in future revolves around:

- Customer centricity
- Proximity to client's location
- Transparent communication
- Flexible control systems

OPPORTUNITY AND THREATS

India is an attractive investment destination. With the innovative marketing strategies, the company is able to add new customers and retain existing clientele.

However due to continuing recession throughout world markets, a slowdown in financial flows into the economy, lingering impact of global credit crunch and also due to increased competition are seen as greatest risk faced by Non-Banking Finance Companies. Further the volatility in the Indian equity markets and huge liquidity crunch due to global financial meltdown would be a threat for the Company's business growth. The company has always maintained sufficient liquid funds so that their operations are not affected.

Constantly, sticking on to the traditional values and ethics and with the support of efficient and dedicated resources, we are able to phase out any difficulties in our area of operation.

RISKS AND CONCERNS

The Company is exposed to specific risks that are particular to its businesses and the environment within which it operates, which include market risk, interest rate volatility, economic cycle and risk of competition from others operating in similar business.

The company can be adversely affected by volatility in interest rates in India, which could cause its margins to decline and profitability to shrink. Earnings from interest income are one of the important businesses of the Company. It is therefore exposed to interest rate risk principally as a result of lending to its customers at interest rates, in amounts, and for periods which may differ from those of its funding sources. The company is hedged to some extent against this risk through the reset clause in its advances portfolio.

- The Company reviews its risk factors annually in order to keep it aligned with the changing global risks.
- The Company manages such risks by maintaining a conservative financial profile and following prudent business and risk management practices.
- The company is operating on a well defined plan and strategy; hence we are equipped to face any change in regulatory risk.
- The risk appetite is enunciated by the Board from time to time.

COMPLIANCE

We have a robust risk management framework covering all elements of risk management which is aligned to RBI requirements and also other international best practices. The company regularly monitors the changes in legislation pertaining to employment, labour and immigration laws across the globe to ensure total compliance assisted by regular audits. The key areas where the Company needs to introduce new policies or modify the existing policies to remain compliant are identified and acted upon. The Company has complied with all the regulations and guidelines of RBI applicable to a Non-Banking Finance Company.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

Company has adequate internal control system commensurate with its size and nature of business. Conforming to the requirements of the regulatory authorities such as the RBI and the SEBI and consistent with the requirements of the Listing agreements with the Stock Exchanges, the company has institutionalized an elaborate system of control

processes designed to provide a high degree of assurance regarding the effectiveness and efficiency of operations, the adequacy of safeguards for assets, reliability of financial controls and compliance with applicable laws and regulations. These systems are designed in a manner to provide reasonable assurance about the integrity and reliability of the financial statements.

The Internal Auditors are mandated to carry out periodical audit and report on areas of non-compliances/weaknesses. Corrective actions in case of reported deficiencies, if any, are taken actively to further strengthen the internal control systems. These reports are reviewed by the Audit Committee of the Board of Directors for follow-up action and instructions are issued for taking necessary measures.

FUTURE OUTLOOK

The Company's present business operations are preponderantly that of a Loan Company, future of which largely depends upon financial and capital markets. Your Company has exposure in financially sound entities.

Management is optimistic about the future outlook of the Company. Further, more promising areas of activity are being explored on a sustained basis. The Company will expand its activities, consistent with its status as a Non-Banking Finance Company.

HUMAN RESOURCES

The Company firmly believes that intellectual capital and human resources is the backbone of the Company's success. The Company always treats human resources as its most valuable assets and continuously evolves policies and process to attract and retain its substantial pool of managerial resources through friendly work environment. The Company has always aimed to create a work place where every person can achieve his optimum potential. In view of this, the Company encourages its people to balance their professional and personal responsibilities leading to a more productive tenure of its employees. The Company lays great emphasis on building a motivated work force, which can participate constructively in the growth of the Company.

CAUTIONARY STATEMENT

The statement in the Management's Discussion and Analysis Report detailing the Company's objectives, projections, estimates, expectations or predictions may be "forward looking statements" within the meaning of applicable securities laws and regulations. These statements being based on certain assumptions and expectation of future events, actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include changes in Government regulations and tax regime, economic developments within India and abroad, financial markets etc. The Company assumes no responsibility in respect of forward-looking statements that may be revised or modified in future on the basis of subsequent developments, information or events. The management of the Company has used estimates and judgments relating to the financial statements on a prudent and reasonable basis, in order that the financial statements reflect true and fair picture, the state of affairs and profit for the year. The above discussions on our financial condition and result of operations should be read together with our audited financial statements and the notes to these statements included in the Annual Report.

INDEPENDENT AUDITORS' REPORT

The Members,
Sarvottam Finvest Limited,

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited accompanying standalone financial statements of **SARVOTTAM FINVEST LIMITED** ("the Company"), which comprise of the Balance Sheet as at March 31, 2020, the Statement of Profit and Loss, Statement of changes in equity and Statement of Cash Flows for the year then ended, and notes to the Financial Statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020 and profit/loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to Note No. 2, which describes the impact of the outbreak of coronavirus (COVID-19) on the business operations of the company. In view of highly uncertain economic environment, a definitive assessment of the impact on the subsequent periods is highly dependent upon circumstances as they evolve.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the standalone Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone Ind AS financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone Ind AS financial statements.

Key Audit Matters	How our audit addressed the key audit matter
<p>The Company has adopted Ind AS from April 1, 2019 with an effective date of April 1, 2018 for such transition. For periods up to and including the year ended March 31, 2019, the Company had prepared and presented its financial statements in accordance with the erstwhile generally accepted accounting principles in India (Indian GAAP). To give effect of the transition to Ind AS, these financial statements for the year ended March 31, 2020, together with the comparative financial information for the previous year ended March 31, 2019 and the transition date Balance Sheet as at April 1, 2018 have been prepared under Ind AS.</p> <p>The transition has involved significant change in the Company's policies and processes for financial reporting, including generation of supportable information and applying estimates to inter alia determine impact of Ind AS on accounting and disclosure requirements prescribed under extant Reserve Bank of India (RBI) directions.</p> <p>In view of the complexity involved, Ind AS transition and the preparation of financial statements subsequent to the transition date have been areas of key focus in our audit.</p>	<ul style="list-style-type: none"> • Read the Ind AS impact assessment performed by the Management and the resultant changes made to the accounting policies considering the requirements of the new framework. • Evaluated the exemptions and exceptions allowed by Ind AS and applied by the Management in applying the first-time adoption principles of Ind AS 101 in respect of fair valuation of assets and liabilities existing as at transition date. • Tested the accounting adjustments posted as at the transition date and in respect of the previous year to convert the financial information reported under erstwhile Indian GAAP to Ind AS. • Tested the disclosures prescribed under Ind AS.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements. As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit.

We also:

- a) Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- e) Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure ('**Annexure A**') a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

ANNEXURE 'B' TO THE INDEPENDENT AUDITORS REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF SARVOTTAM FINVEST LIMITED

Report on the Internal Financial Controls under clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Sarvottam Finvest Limited ("the Company")** as of 31st March, 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of

financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the Financial Statements for the year ended March 31, 2020**Note No. 1 - Corporate Information**

Sarvottam Finvest Ltd. ('the Company', 'SFL') is a company limited by shares, incorporated on 30 November 1978 and domiciled in India. The Company is engaged in the business of financing, providing loans and advances, inter-corporate deposits and investment & trading in shares & securities. Its shares are listed on The Calcutta Stock Exchange Limited and BSE Limited. The Company has its registered office at 3, Bentinck Street, Kolkata, West Bengal, India.

The company is a RBI registered Non-Deposit taking Non-Banking Financial Company, carrying on NBFI activities. RBI, vide the circular – 'Harmonisation of different categories of NBFCs' issued on 22 February 2019, with a view to provide NBFCs with greater operational flexibility and harmonisation of different categories of NBFCs into fewer categories based on the principle of regulation by activity, merged the three categories of NBFCs viz. Asset Finance Companies (AFC), Loan Companies (LCs) and Investment Companies (ICs) into a new category called NBFC – Investment and Credit Company (NBFC-ICC). Accordingly, the Company has been reclassified as NBFCInvestment and Credit Company (NBFC-ICC).

The audited financial statements were subject to review and recommendation of Audit Committee and approval of Board of Directors. On 30 July 2020, Board of Directors of the Company approved and recommended the audited financial statements for consideration and adoption by the shareholders in its annual general meeting.

Note No. 2 - Basis of Preparation

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and notified under Section 133 of the Companies Act, 2013 (the Act) along with other relevant provisions of the Act and the Master Direction – Non-Banking Financial Company – Non-Systemically Important Non-Deposit taking Company (Reserve Bank) Directions, 2016 ('the NBFC Master Directions') issued by RBI. Despite the outbreak of Covid-19, the financial statements have been prepared on a going concern basis. The Company uses accrual basis of accounting except in case of significant uncertainties.

For all periods up to and including the year ended 31 March 2019, the Company had prepared its financial statements in accordance with accounting standards notified under Section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 and the Companies (Accounting Standards) Amendment Rules, 2016 and the NBFC Master Directions (hereinafter referred as 'Previous GAAP'). These financial statements for the year ended 31 March 2020 are the first the Company has prepared in accordance with Ind AS. The Company has applied Ind AS 101 'First-time Adoption of Indian Accounting Standards', for transition from previous GAAP to Ind AS. An explanation of how transition to Ind AS has affected the previously reported financial position, financial performance and cash flows of the Company is provided in note no. 33.

(ii) Functional and presentation currency

These financial statements are presented in Indian Rupees Lacs, which is also the Company's functional currency. All amounts have been rounded off to the nearest lacs, unless otherwise indicated.

(iii) Use of Estimates & Judgements

The preparation of these Financial Statements requires management judgements, estimates and assumptions that affect the application of Accounting Policies, the Accounting disclosures made and the reported amounts of Assets, Liabilities, Income and Expenses. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to Accounting estimates are recognised in the period in which the estimates are revised and any future periods effected pursuant to such revision.

Critical accounting judgements and key source of estimation uncertainty

The Company is required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. The estimates and underlying assumptions are reviewed on an on-going basis.

Estimation of uncertainties relating to the global health pandemic from COVID-19 (COVID-19):

The outbreak of COVID-19 pandemic across the globe and in India has contributed to a significant impact and volatility in global and Indian financial markets and slowdown in economic activities. On March 24, 2020, the Indian Government announced a strict 21-day lockdown, which has been extended from time to time with or without relaxations across the country based on severity of the spread at local levels. The extent to which the COVID-19 pandemic will impact the Company's operational and financial results will depend on the future developments, which are uncertain at this point of time, including among other things any new information concerning the severity of the COVID-19 pandemic and any action to contain its spread or to mitigate its impact on Company's performance during the last quarter of the financial year. The Reserve Bank of India (RBI) has issued guidelines relating to COVID-19 Regulatory Package on March 27, 2020, April 17, 2020 and May 23, 2020 and in accordance therewith, the Company has offered suitable moratorium to various eligible borrowers classified as standard, even if the said amounts were overdue on February 29, 2020, excluding collections made in March 2020 prior to the offer. For all such accounts, where the moratorium is granted, the asset classification i.e. staging will remain at a standstill during the moratorium period (i.e. the number of days past due shall exclude the moratorium period for the purpose of asset classification as per the guidelines). Extension of such moratorium benefit to the borrowers as per the COVID-19 Regulatory Package of RBI, by itself, is not considered to result in significant increase in the credit risk as per Ind AS 109 for staging of accounts. The additional provision as required by the RBI circular dated April 17, 2020 under Income Recognition, Asset Classification and Provisioning norms (IRACP norms) has been considered for computing the provision as per IRACP norms to comply with the circular dated March 13, 2020 and credited such additional provision by way of an appropriation to impairment reserve. The Company has made provision as per the adopted Expected Credit Loss ("ECL") model for impairment of financial instruments. Based on the current situation and the available internal and external sources of information including various measures taken by the Government and regulators, the Company considers this provision, including the additional provision, to be adequate and expects that all other assets of the Company are recoverable.

Note No. 3 - Significant Accounting Policies

The note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

(i) Property, plant and equipment (PPE)

Property, Plant and Equipment are stated at cost less accumulated depreciation and accumulated losses, if any. Cost includes expenses directly attributable to bringing the Asset to their location and conditions necessary for it to be capable of operating in the manner intended by the management.

Subsequent cost are included in the asset's carrying amount or recognized as separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all its property, plant and equipment recognised as at 1st April 2018 measured as per the previous GAAP and use that carrying value as the deemed cost of property, plant and equipment.

Depreciation methods, estimated useful lives and residual value

Depreciation is calculated using the straight-line method to allocate their cost, net of their residual values on the basis of useful lives prescribed in Schedule II to the Companies Act, 2013.

The residual values are not more than 5% of the cost of an item of PPE. Depreciation methods, useful lives and residual values are reviewed at the end of each financial year and adjusted prospectively, if appropriate.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other gains/(losses).

(ii) Financial Instruments

A financial instrument is defined as any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Trade receivables and payables, loan receivables, investments in securities and subsidiaries, debt securities and other borrowings, preferential and equity capital etc. are some examples of financial instruments. All the financial instruments are recognised on the date when the Company becomes party to the contractual provisions of the financial instruments. For tradable securities, the Company recognises the financial instruments on settlement date.

Financial assets - Initial recognition:

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instruments. On initial recognition, a financial asset is recognised at fair value, in case of Financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction cost are recognised in the statement of profit and loss. In other cases, the transaction cost are attributed to the acquisition value of the financial asset.

Subsequent measurement:

Financial assets are subsequently classified as measured at:

- amortised cost
- fair value through other comprehensive income (FVTOCI)
- fair value through profit & loss (FVTPL)

The above classification is being determined considering the:

- (a) the entity's business model for managing the financial assets and
- (b) the contractual cash flow characteristics of the financial assets.

Financial assets are not reclassified subsequent to their recognition, except if and in the period the Company changes its business model for managing financial assets.

(a) Measured at amortised cost:

Financial assets are subsequently measured at amortised cost, if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified date to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(b) Measured at fair value through other comprehensive income (FVTOCI):

Financial assets are measured at FVTOCI, if these financial assets are held within a business model whose objective is achieved by both collecting contractual cash flows that give rise on specified dates to solely payments of principal and interest on the principal amount outstanding and by selling financial assets. Fair value movements are recognized in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to 'other income' in the Statement of Profit and Loss.

(c) Measured at fair value through profit or loss (FVTPL):

Financial assets other than equity instrument are measured at FVTPL unless it is measured at amortised cost or at FVTOCI on initial recognition. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised in the Statement of Profit and Loss.

Impairment

For financial assets other than trade receivables, the Company recognises 12-months expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. If, in a subsequent period, credit quality of the instrument improves such that there is no longer significant increase in credit risks since initial recognition, then the Company reverts to recognizing impairment loss allowance based on 12 months ECL. The impairment losses and reversals are recognised in Statement of Profit and Loss. For financial assets measured at FVTPL, there is no requirement of impairment testing.

Derecognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers rights to receive cash flows from an asset, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement.

In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Financial Liabilities**Initial Recognition and measurement**

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial liabilities are initially recognised at fair value net of transaction costs for all financial liabilities not carried at fair value through profit or loss.

There are NIL financial liabilities during the period covered in these financial statements.

Subsequent measurement

Financial liabilities measured at amortised cost are subsequently measured at using EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit or Loss.

Derivative financial instruments

The Company uses derivative financial instruments, such as forward foreign exchange contracts, to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value, with changes in fair value recognised in Statement of Profit and Loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

No financial assets and/or financial liabilities have been subject to offsetting.

Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value

- measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above

(iv) Inventory

Inventories are stated at lower of cost and net realisable value. Cost is determined on weighted average / first-in, first-out (FIFO) basis, as considered appropriate by the Company. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs necessary to make the sale.

Provision is made for obsolete/slow moving/defective stocks, wherever necessary.

(v) Taxes on Income

Taxes on income comprises of current taxes and deferred taxes.

Current Tax

Current tax in the Statement of Profit and Loss is provided as the amount of tax payable in respect of taxable income for the period using tax rates and tax laws enacted during the period, together with any adjustment to tax payable in respect of previous years.

Deferred Tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax asset is also recognised in respect of carried forward tax losses and unused tax credits.

Deferred Tax assets are recognised to the extent that it is probable that future taxable amounts will be available to utilise those temporary differences, carried forward tax losses and unused tax credits.

Deferred Tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the tax laws that have been enacted or substantively enacted by the reporting date.

Minimum Alternate Tax credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognised amounts and where it intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously. In case of deferred tax assets and deferred tax liabilities, the same are offset if the Company has a legally enforceable right to set off corresponding current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority on the Company.

(vi) Revenue Recognition

a) Sale of Stock-in-Trade

The Company derives revenues primarily from trading in commodities. Effective April 01, 2018, the Company has adopted Indian Accounting Standard 115 (Ind AS 115) - 'Revenue from contracts with customers' using the cumulative catch-up transition method, applied to contracts that were not completed as on the transition date i.e. April 01, 2018. Accordingly, the comparative amounts of revenue and the corresponding contract assets/ liabilities have not been retrospectively adjusted. The effect on adoption of Ind-AS 115 was insignificant.

Revenue is recognized on satisfaction of performance obligation upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Company expects to receive in exchange for those products or services.

The Company satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

1. The customer simultaneously receives and consumes the benefits provided by the Company; or
2. The Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
3. The Company's performance does not create an asset with an alternative use to the Company and an entity has an enforceable right to payment for performance completed to date. For performance obligations where one of the above conditions are not met, revenue is recognised at the point in time at which the performance obligation is satisfied.

b) Interest

Interest is recognized on time proportion basis taking into account the amount outstanding and the rate applicable. Interest on financial assets subsequently measured at fair value through profit or loss (FVTPL) is recognised at the contractual rate of interest.

c) Dividend

Dividend on shares & securities is recognised on receipt basis.

(vii) Employee Benefits

Contribution of Provident Fund, Gratuity and Leave encashment benefits wherever applicable is being accounted on actual liability basis as and when arises. However, the above referred provisions are not applicable to the company as it does not fall within the purview of the same in the year under review.

(viii) Provision and Contingent Liabilities

Provisions are recognised when there is a present obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

A disclosure for contingent liabilities is made when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. When there is a possible obligation or a present obligation and the likelihood of outflow of resources is remote, no provision or disclosure for contingent liability is made.

Contingent Assets are not recognised but are disclosed when an inflow of economic benefits is probable.

(ix) Earnings Per Share

(a) Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year.

(b) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares

Notes to the Financial Statements for the year ended March 31, 2020**Note No. 26 - Segment information**

The Managing Director of the Company has been identified as the Chief Operating Decision Maker (CODM) as defined by Ind AS 108, "Operating Segments". The CODM evaluates the Company's performance and allocates resources based on an analysis of various performance indicators, however the Company is primarily engaged in only one segment viz., Financing and that all of the operations are in India. Hence the Company does not have any reportable Segments as per Ind AS 108 "Operating Segments".

Note No. 27 - Capital management & Risk Management Strategies**(i) Capital Management**

The Company's objective is to maintain appropriate levels of capital to support its business strategy taking into account the regulatory, economic and commercial environment. The Company aims to maintain a strong capital base to support the risks inherent to its business and growth strategies. The Company endeavours to maintain a higher capital base than the mandated regulatory capital at all times. The Company's assessment of capital requirement is aligned to its planned growth which forms part of an annual operating plan which is approved by the Board and also a long range strategy. Accordingly, increase in capital is planned well in advance to ensure adequate funding for its growth. The Company does not owe any debt.

Dividend

The Company follows the policy of Dividend for every financial year as may be decided by Board considering financial performance of the company and other internal and external factors enumerated in the Company dividend policy. The Company has not proposed/declared dividend for current financial year as well as in the previous financial year.

(ii) Risk Management Strategies

The Company's activities expose it to market risk, liquidity risk and credit risk. In order to minimise any adverse effects on the financial performance of the Company, derivative financial instruments, such as foreign exchange forward contracts, foreign currency option contracts are entered to hedge certain foreign currency risk exposures and interest rate swaps to hedge variable interest rate exposures. Derivatives are used exclusively for hedging purposes and not as trading or speculative instruments.

Risk	Exposure arising from	Measurement	Management
Credit risk	Credit risk is the risk of financial loss arising out of a customer or counterparty failing to meet their repayment obligations to the Company.	Aging analysis, Credit ratings	Diversification of bank deposits, credit limits and letters of credit
Liquidity and funding risk	Liquidity risk arises from mismatches in the timing of cash flows	Identifying gaps in the structural and dynamic liquidity statements.	- Availability of borrowing facilities - Periodic reviews of the liquidity position and stress test
Interest rate risk	Interest rate risk stems from movements in market factors, such as interest rates, credit spreads which impacts investments, income and the value of portfolios.	Sensitivity analysis	Portfolio diversification

Note No. 31 - Financial Instruments

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

1. Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short term maturities of these instruments.
2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

The carrying amounts and fair values of financial instruments by category are as follows:

As at 1st April, 2018	(Rs. in lacs)				
	FVOCI	FVTPL	Amortised cost	Total fair value	Carrying amount
Financial Assets					
Cash and cash equivalents	-	-	14.79	14.79	14.79

Fair value estimation

For financial instruments measured at fair value in the Balance Sheet, a three level fair value hierarchy is used that reflects the significance of inputs used in the measurements. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

The categories used are as follows:

- Level 1: quoted prices for identical instruments
- Level 2: directly or indirectly observable market inputs, other than Level 1 inputs; and
- Level 3: inputs which are not based on observable market data.

For assets and liabilities which are carried at fair value, the classification of fair value calculations by category is summarised below:

	(Rs. in Lacs)		
	Level 1	Level 2	Level 3
1st April, 2018			
Financial Assets			
Loans	-	-	2,283.01
Trade receivables	-	-	224.23
Cash and cash equivalents	-	-	14.79
31st March, 2019			
Financial Assets			
Loans	-	-	2,323.10
Trade receivables	-	-	219.20
Cash and cash equivalents	-	-	19.17
31st March, 2020			
Financial Assets			
Loans	-	-	2,363.94
Trade receivables	-	-	229.66
Cash and cash equivalents	-	-	9.03

There were no significant changes in classification and no significant movements between the fair value hierarchy classifications of financial assets and financial liabilities during the years.

Note No. 32 - Financial Risk Factors

The Company's activities exposes it to Liquidity Risk and Credit risk. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised as below

(a) Liquidity Risk

The risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk management implies maintenance sufficient cash including availability of funding through an adequate amount of committed credit facilities to meet the obligations as and when due.

The Company manages its liquidity risk by ensuring as far as possible that it will have sufficient liquidity to meet its short term and long term liabilities as and when due. Anticipated future cash flows, undrawn committed credit facilities are expected to be sufficient to meet the liquidity requirements of the Company.

(b) Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counter-party fails to meet its contractual obligations. The Company is exposed to credit risks from its operating activities, primarily trade receivables, cash and cash equivalents and other financial instruments.

To manage the credit risk from trade receivables, the Company periodically assess financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly. The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period.

- Trade and other receivables

The Company considers the probability of default upon initial recognition of assets and whether there has been a significant increase in credit risks on an ongoing basis throughout each reporting period.

To assess whether there is a significant change increase in credit risk the Company compares the risks of default occurring on the assets as at the reporting date with the risk of default as at the date of initial recognition. It considers the reasonable and supportive forward looking information such as:

- Actual or expected significant adverse changes in business.
- Actual or expected significant changes in the operating results of the counterparty.
- Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations.
- Significant increase in credit risk on other financial instruments of same counterparty.

Notes to the Financial Statements for the year ended March 31, 2020**Note No. 33 - First time adoption of Ind AS**

These are the Company's first financial statements prepared in accordance with Ind AS.

The accounting policies set out in Note 2 & 3, have been applied in preparing the financial statements from the year ended 31st March, 2020, the comparative information presented in these financial statements for the year ended 31st March, 2019 and in the preparation of an opening Ind AS balance sheet at 1st April, 2018 (the Company's date of transition). In preparing its opening Ind AS balance sheet, the Company has adjusted the amounts reported previously in financial statements prepared in accordance with the accounting standards notified under Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the Act (previous GAAP or Indian GAAP). An explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows is set out in the following tables and notes

Exemptions and exceptions availed**A. Ind AS optional exemptions****(i) Deemed Costs**

The Company on first time adoption of Ind AS, has elected to continue with the carrying value for all of its property, plant & equipment and other intangible assets as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed costs as at the date of transition.

B. Ind AS mandatory exemptions**(i) Estimates**

An entity's estimates in accordance with Ind AS's at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies). Ind AS estimates as at 1st April, 2018 are consistent with the estimates as at the same date made in conformity with previous GAAP.

(ii) Classification and measurement of financial assets

Ind AS 101 requires an entity to assess classification and measurement of financial assets on the basis of the facts and circumstances that exist at the date of transition to Ind AS.

(iii) De-recognition of financial assets and financial liabilities

The Company has elected to apply derecognition requirements for financial assets and financial liabilities in Ind AS 109 prospectively for transactions occurring on or after the date of transition to Ind AS.

C. Transition to Ind AS - Reconciliations

The following reconciliations provide a quantification of the effect of significant differences arising from the transition from previous GAAP to Ind AS in accordance with Ind AS 101:

- (i) Reconciliation of Balance sheet as at 1st April, 2018 (Transition date)
- (ii) A. Reconciliation of Balance sheet as at 31st March, 2019
 - B. Reconciliation of total comprehensive income for the year ended 31st March, 2019
- (iii) Reconciliation of Equity as at 1st April, 2018 and 31st March, 2019
- (iv) Impact on cash flow statement for the period ended 31st March, 2019

The presentation requirements under previous GAAP differs from Ind AS and hence Previous GAAP information has been regrouped for ease of reconciliation with Ind AS. The regrouped previous GAAP information is derived from the Financial Statements of the Company prepared in accordance with previous GAAP.
